

ANDREA LIN

Boulder, Colorado | andrealin2018@gmail.com | <https://andrealin.info>

Summary

Hi, I'm Andrea, and I intern at PhET Interactive Simulations based in University of Colorado Boulder! Computer science is my passion, and I want to change the world through technology. My hobbies are Muay Thai and baking!

Education

Massachusetts Institute of Technology / Starting Fall 2018

Fairview High School / Graduated May 2018 summa cum laude

National Honor Society, Youth in Government, Speech and Debate, Math Club

Experience

PhET Interactive Simulations based in University of Colorado Boulder

Software Development Intern / May 2016 - Present

PhET is an organization based in University of Colorado Boulder that creates free interactive math and science simulations. As their software development intern, I published an educational computer simulation with 25+ translations and close to a million uses by students/teachers worldwide.
