

# ANDREA LIN

Boulder, Colorado | [andrealin2018@gmail.com](mailto:andrealin2018@gmail.com) | <https://andrealin.info>

## Skills Summary

Hi, I'm Andrea, and I intern at PhET Interactive Simulations based in University of Colorado Boulder! Computer science is my passion, and I want to change the world through technology. I also love food and baking!

## Education

**Massachusetts Institute of Technology / Starting Fall 2018**

**Fairview High School / Graduated May 2018 summa cum laude**

National Honor Society, Youth in Government, Speech and Debate, Math Club

## Experience

**PhET Interactive Simulations based in University of Colorado Boulder**

*Software Development Intern / May 2016 - Present*

PhET is an organization based in University of Colorado Boulder to create free interactive math and science simulations. As their software development intern, I published an educational computer simulation with 25+ translations and close to a million uses by students/teachers worldwide.

## Awards and Acknowledgements

**North American Computational Linguistics Olympiad / 2015, 2017**

Invitational Qualifier

**American Invitational Mathematics Exam / 2015, 2017, 2018**

Qualifier

**Colorado Science and Engineering Fair / 2016**

Computer Science Senior Division 2<sup>nd</sup> Place Winner
